

Milliken Specialty Interiors Signs Five-Year Lease at High Point Showroom, Currently Accepting Appointments for December

Company to highlight its integrated textile solutions and eco-elegant Breathe by Milliken™ fluorine-free performance fabric collection

November 28, 2017

SPARTANBURG, S.C. - As part of its ongoing efforts to target the interiors textiles market, leading global textile technology company [Milliken & Company](#) has signed a five-year lease at the High Point Showroom. While the build-out is not expected to be complete until June 2018, Milliken is currently accepting appointments for the December show.

The new space is located on the fourth floor of the Market Square Textile Tower. The company will use the space to showcase the full breadth of its innovative interior textiles business, including products suitable for use in home, office and hospitality environments.

The December show will prominently feature the introductory line of Breathe by Milliken™, environmentally-friendly performance fabrics. Designed to address the growing demand for more sustainable products, Breathe is a plant-based, fluorine-free performance fabric available in natural or synthetic fibers made from recycled plastic bottles. Although launched just this year, Breathe has already earned placements with top retailers such as Pottery Barn. Milliken will use the December show to debut its expanded [Breathe](#) line, which now includes more fabrics that offer the superior protection, elegance and sustainability consumers desire.

The High Point lease is the next step in Milliken's strategy to increase its visibility and leadership position in the interiors market. In recent months, Milliken has combined several business units to create its integrated Specialty Interiors business, launched a website (www.millikenspecialtyinteriors.com) to better serve the market, and built the team with well-respected industry veterans to propel this expansion.

"The interiors textile market is a major area of focus for Milliken," said Jennifer K. Harmon, vice president, Milliken Specialty Interiors. "Establishing a permanent presence at High Point is further evidence of our commitment not only to expanding our presence in this important market, but to driving innovation and educating key audiences about the unique capabilities and solutions Milliken can provide. We invite those who are interested in learning more to set up an appointment to get a sneak preview."

For more information, please visit www.millikenspecialtyinteriors.com, or the Specialty Interiors [Facebook](#) page, [You Tube](#) channel, [Instagram](#) page or [Twitter](#) feed. To set up an appointment, please contact MillikenSpecialtyInteriors@milliken.com or call 864-503-1333.

About Milliken's Specialty Interiors Business

Milliken Specialty Interiors, a business in the Performance & Protective Textiles division, boasts a rich history of developing, designing and manufacturing fabrics for home and office furniture, vertical panels, privacy curtains, window treatments, theatrical curtains, top-of-bed applications and more. Through our unrivaled knowledge and unmatched service, we provide our customers with forward-thinking solutions that enhance their products in a variety of markets, including commercial, residential and hospitality.

About Milliken

For over 150 years, Milliken has been innovating with the purpose to explore, discover and create ways to enhance people's lives. Our community of innovators has developed one of the larger collections of United States patents held by a private U.S. company. With expertise across a breadth of disciplines, including specialty chemical, floor covering and performance materials, we work around the world every day to add true value to people's lives, improve health and safety, and help make the world more sustainable.
